

# SHUBHAM DONGARE

---

Jr. Software Developer | React | TypeScript | UI Development

Jaysingpur, Kolhapur - India | +91-7038437761 | shubhamdongare2511@gmail.com

LinkedIn: <https://www.linkedin.com/in/shubhamdongare7761>

## Objective

To contribute as a passionate frontend developer in a dynamic team environment, leveraging my skills in React, TypeScript, and UI design to create intuitive and efficient user interfaces. Eager to learn and grow within a dynamic and collaborative team.

## Experience

### Jr. Software Developer

B2A Technologies, Jaysingpur | Mar 2023 – Present

#### DhanMan – Accounting & Society Management Platform

- Worked on DhanMan, an accounting and society management software built using React and TypeScript.
- Developed responsive interfaces for invoice creation, ledger management, and financial reporting tailored for housing societies and general accounting.
- Collaborated with cross-functional teams to build scalable, user-friendly features and ensured consistent UI/UX across web and mobile platforms.
- Developed responsive interfaces for invoice creation, ledger management, and financial reporting tailored for housing societies and general accounting.
- Worked extensively on the frontend using React and TypeScript to build dynamic dashboards, invoice handling, and ledger views.
- Designed and built Dwarpal – a React Native mobile application for society gate management, enabling resident verification, visitor tracking, and gate pass generation.

## Projects

### Stargateway – Hotel Reservation System

GitHub: <https://github.com/karankhamkar/happystay>

- Built a responsive hotel reservation web app using React, Spring Boot, and MySQL.
- Enabled customers to check availability, book rooms; admin had full access to manage data.

## Portfolio Website

GitHub: <https://github.com/Shubhdongare/Shubhdongare.github.io>

- Created a personal portfolio site using HTML, CSS, Bootstrap, and JavaScript.
- Showcases resume, skills, and project details in a clean, mobile-friendly layout.

## Technical Skills

Frontend: HTML5, CSS, Bootstrap, JavaScript, React JS, Material UI, React Native

Tools: Git, GitHub, Grafana

Database: PostgreSQL, MySQL

## Soft Skills

- Good communication skills
- Team collaboration and problem-solving
- Quick learning and adaptability

## Education

### Post Graduate Diploma in Advanced Computing (PG-DAC)

CDAC Bangalore | Oct 2022 | 69.75%

### Bachelor of Engineering – Civil

Shivaji University, Kolhapur | Jul 2018 | 57.13%

### Higher Secondary Certificate

Jaysingpur College, Jaysingpur | 2014 | 67.85%

### Secondary School Certificate

Balwantrao Zele High School | 2012 | 84.73%

## Extra-Curricular Activities

- Headed multiple college-level events showcasing leadership and planning skills.
- Part of winning volleyball and cricket teams during engineering tenure.
- Active interest in analyzing different sports, reading, and learning new languages.
